Dec. 31, 2019

Dear City Residents,

We are pleased to present the City of Henderson’s third Popular Annual Financial Report (PAFR) for the 2019 Fiscal Year.

This report is intended to present a condensed overview of the City’s financial position, financial practices and details outlining how City revenues were generated and spent. Financial information in this report is derived from the independently audited financial statements that are a part of the City of Henderson’s Comprehensive Annual Financial Report (CAFR) for the year ended June 30, 2019.

We are proud to report that the City has been awarded a Certificate of Achievement for Excellence in Financial Reporting by the Government Finance Officers Association the past 20 years. The City was also presented with an Award for Outstanding Achievement for its second Popular Annual Financial Report we produced for Fiscal Year 2018. That report has been available in the lobby of our Municipal Center, on our web site, at the Henderson County Public Library, at Kyndle (Economic Development/Chamber office) and was distributed at the annual State of the City Address by Mayor Steve Austin.

I am grateful to those employees in the City’s Finance Department whose hard work and professionalism made those distinctions possible.

As you review this Popular Annual Financial Report, please feel free to share any questions, concerns or recommendations that you may have with us.

Respectfully,

William L. “Buzzy” Newman

Henderson, originally known as “Red Banks” in reference to the soil along the banks of the Ohio River, was first settled in 1797.

For those seeking the comforts and connections of a small town, Henderson is a classic river town on the Ohio River where life is framed by nature’s resources so you feel inspired for new ideas.

Henderson is the county seat of Henderson County, Kentucky, and lies on the southern banks of the Ohio River in the western Kentucky coal field region. The City sits on a river bluff more than 70 feet above the Ohio River’s low water mark. Since the 1937 flood when Henderson was the only City on the Ohio River that did not flood, the local slogan has been “On the Ohio, but never in it.” The City of Henderson is nearly 18 square miles and is 400 feet above sea level.

Henderson ranks as Kentucky’s 12th largest city in terms of population. Friendly people and southern hospitality are part of our nature.

Henderson is located 10 miles south of Evansville, Indiana, and is 140 miles north of Nashville, Tennessee, 128 miles southwest of Louisville, Kentucky, and 196 miles southeast of St. Louis, Missouri.

The area is home to diverse industries, attracting major manufacturing and processors in aluminum, coal mining, steel, plastics, and agriculture. Locally produced commodities include aluminum ingot, automotive parts, truck axles and wheels, and poultry products.

We have:

- A public school system with 8 elementary schools, 2 middle schools, 1 high school and 1 early learning (preschool) center. A parochial school for grades preschool-8 that feeds into parochial high schools in both Owensboro, Kentucky, and Evansville, Indiana.
- Henderson Community College (a part of the Kentucky Community and Technical College System) and regional campuses of Murray State University and Lindsey Wilson College.
- John James Audubon Museum with an extensive world-class collection of the artist/naturalist’s art and artifacts.
- More than 60 churches representing many denominations.

Board of Commissioners

The City, incorporated as a town in 1810 and as a City in 1867, has operated under the City Manager form of government since 1966. The Henderson Board of Commissioners consists of a mayor and four commissioners elected by the citizens on a non-partisan ballot. The mayor is elected for a term of four years, while the commissioners are elected for a term of two years. The mayor and commissioners have equal voting power.

The Commission sets policies that govern the City. It appoints advisory groups that assist in the decision making process. The city manager is appointed by the Commission and is responsible for the day-to-day operations of the City. The department managers responsible for their various departments report to the city manager.

The Budget Process

As required by Kentucky Revised Statutes 91A.030 and 83A.150, the City Manager submits a proposed operating budget on or before June 1 to the Mayor and Board of Commissioners for the fiscal year commencing July 1. The budget includes appropriations for expenditures and means of financing them.

Public input is welcomed, and all commission meetings concerning the budget are scheduled and announced in advance. The meetings are held at the Municipal Building and are open to the public. A city cannot expend any funds from any governmental or proprietary fund without a legally enacted budget passed by the Board of Commissioners.

Budgeted revenues and expenditures represent the formal operating budget adopted by the Board of Commissioners, as amended by the Board during the year. Budgetary control is maintained at the departmental level. Budgeted amounts not spent by year-end lapse. Individual amendments are typically not of significant dollar value in comparison to the original appropriations. Department heads have the authority to submit a budget adjustment request to the City Manager for approval. The City Manager may choose to take any request to the Board if it is one that may be unusual or highly visible. All budget amendments are documented by ordinance and tracked in the City’s computerized financial system.

Assigned Fund Balance
The assigned fund balance classification includes amounts constrained by the City’s intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by either the Board of Commissioners or the City Manager or any other body or official which they have delegated the authority to assign amounts to be used for a specific purpose.

Committed Fund Balance
The committed fund balance classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the City’s highest level of decision making authority, which would be ordinances or resolutions passed by the Board of Commissioners of the City. Those committed amounts cannot be used for any other purpose unless the Board of Commissioners changes the commitments by ordinance or resolution.
